Safety Documentation for Field Placements

All UD students (teacher candidates) are required to gather the following safety information during the beginning of their field placement per University Council on Teacher Education policy.

All Placements:

- o Lock down procedures
- o Fire drill procedures
- o Civil defense drill procedures
- o Tornado or severe weather emergency procedures
- o Abuse reporting procedures
- o Handling Bodily fluids, reporting accidents, first aid service, health services

Student Teaching Placements:

- o Playground safety
- o Procedures for collecting money
- o Release of students to authorized persons

Teacher candidates should gather and review this information so that they are prepared for the above situations when in schools. Teacher candidates should be prepared to share this information with their field instructor/supervisor.
