WHAT'S THE POINT OF BEING AFRAID OF THE ZOMBIE APOCALYPSE

WHEN YOU'RE ALREADY A ZOMBIE?
Out and About

- As you walk down the street or through a parking garage, walk alertly and assertively.
- Walk in the middle of the sidewalk rather than against the doorways or along the curb.
- Stay alert—iPods and cell phones will distract you.
- If you are using ear buds, leave one ear bud out.
- When walking, keep your purse hugged close to your body and wallets in front pants pocket or jacket pocket.
- Do not have your valuables visible or in a place they can be easily grabbed.
• Be aware of occupied vehicles near your parked vehicle
• Watch for people sitting in cars with no real purpose
• Be aware of people loitering in the area with no purpose
Walking/Running

• Vary your route and pattern.

• Always be aware of your surroundings (take note of cars slowing down to unusual speeds, same car passing you 2 or more times)

• If you notice a suspicious vehicle, let them see you looking at their tag number, then remember it!

• Walk away from bushes where someone can hide.

• Stop looking at your phone, texting or Candy Crush can wait!
